Our Services

We offer a comprehensive range of logistics and supply chain solutions designed to meet the evolving needs of businesses across various industries. From freight forwarding and shipping to haulage and courier services, our expertise ensures efficient, reliable, and cost-effective transportation of goods. We also specialize in supply chain management, heavy and non-heavy equipment sales, leasing, and maintenance, as well as general contracting and supplies. With a strong commitment to excellence, innovation, and sustainability, we provide tailored solutions that enhance operational efficiency and drive business growth.

Clearing & Forwarding

Navigating customs regulations can be complex, but our **clearing and forwarding services** ensure a smooth and hassle-free process for both imports and exports. We handle all necessary documentation, duty assessments, and regulatory compliance, minimizing delays and maximizing efficiency. Our experienced team works closely with customs and port authorities to facilitate quick clearance and seamless movement of goods.

With strategic **expertise in international trade**, we provide clients with cost-effective and time-sensitive solutions that enhance supply chain performance. Whether handling bulk shipments or specialized cargo, we prioritize transparency, efficiency, and timely delivery.

- Customs documentation & duty assessment
- Liaison with agencies for compliance
- End-to-end cargo coordination
- Fast and cost-effective clearance

Shipping

We provide **comprehensive shipping solutions** for businesses seeking reliable, flexible, and cost-efficient freight services. Our global network allows us to transport cargo seamlessly across international and domestic routes, ensuring goods arrive at their destinations securely and on time. From containerized shipments to bulk cargo, we offer tailored shipping strategies that align with industry demands

- Real-time tracking & monitoring
- Cost-effective freight solutions
- Seamless shipping network access
- Secure handling of bulk cargo

Smart logistics, seamless shipping

We optimize routes, cut costs and ensure real-time tracking delivering efficiency across sea, air and multimodal transport

Haulage

With an extensive fleet of trucks and specialized vehicles, we offer **safe and efficient haulage services** for various industries, including manufacturing, construction, oil & gas, and FMCG. Our services ensure the **seamless movement of goods**, from raw materials to finished products, across local and long-distance routes.

Our team of logistics experts designs **cost-effective transport strategies** that enhance delivery efficiency, reduce transit risks, and meet strict industry regulations. We prioritize safety, compliance, and customer satisfaction to deliver exceptional service.

- Modern, well-maintained truck fleet
- Specialized haulage for heavy cargo
- Route optimization for fast delivery
- Compliance with safety standards

Land, Sea & Air Transportation

We offer **multi-modal transport solutions**, providing businesses with **flexible and reliable logistics** across road, sea, and air. Our integrated approach ensures that shipments reach their destinations in the most time-efficient and cost-effective manner.

With strong partnerships in the **global logistics network**, we offer **optimized solutions** for businesses requiring efficient freight management. Whether for time-sensitive air cargo, cost-effective sea freight, or reliable road transport, we guarantee a seamless experience.

- Reliable inland trucking services
- Sea freight for bulk shipments
- Air freight for urgent cargo
- End-to-end logistics coordination

Courier Service

Our **courier services** ensure the swift and secure delivery of parcels, documents, and goods across Nigeria and internationally. We cater to businesses and individuals looking for **efficient, time-sensitive, and reliable** shipment solutions.

With a focus on **speed and security**, we offer various delivery options, including express and same-day services, supported by tracking systems that provide real-time shipment updates. Our team is committed to ensuring packages are handled with care from pickup to final delivery.

- Secure package handling & tracking

- Dedicated customer support

- Express delivery for urgent shipments

- Nationwide & international coverage

Supply Chain Management

We help businesses optimize their supply chains by offering **importation, warehousing, procurement, and distribution solutions**. Our expertise ensures cost savings, enhanced efficiency, and seamless operations for various industries.

We specialize in **sourcing, storage, and delivery**, ensuring a well-structured supply chain that minimizes disruptions. Additionally, we provide procurement services for **IT equipment and armored personnel carriers**, catering to specialized client needs.

- Importation and supply of arms, ammunition and armoured personell carriers

- IT equipment procurement, sales, & maintenance

- Secure warehousing solutions

Heavy and Non-Heavy Equipment Sales, Lease and Maintenance

We provide a comprehensive range of **heavy and non-heavy equipment** for sale, lease, and maintenance. Our inventory includes **construction machinery, industrial tools, and specialized vehicles**, ensuring that businesses have the right equipment to meet operational demands.

Beyond sales and leasing, we offer **preventive maintenance and repair services** to enhance equipment performance and longevity. Our team ensures that all machinery complies with safety and quality standards for seamless operations.

• Heavy-duty & construction equipment sales

• Flexible leasing options

• Preventive maintenance & repairs

• Sourcing of specialized machinery

General Contracting and Supplies

Our general contracting division provides civil engineering, procurement, and project management services across various industries. From infrastructure to industrial supplies, we offer tailored solutions for project success. With a focus on quality and efficiency, we ensure seamless execution, on-time material delivery, and compliance with industry standards. Our expert team collaborates closely with clients to deliver solutions aligned with their business goals.

- Civil engineering & infrastructure projects (building construction & renovation, road construction & repair)
- Custom solutions for various industries
- Sourcing of industrial materials
- Bunkering (Supplying fuel to ships and offshore structures)

Smart solutions, seamless execution

We build, supply, and manage, delivering efficiency through innovative engineering, reliable procurement, and expert project management across industries.

Why Choose Obiv Logistics

At OBIV LOGISTICS, we integrate logistics, technology, security, and infrastructure to deliver seamless, end-to-end solutions tailored to complex industries. Our expertise spans IT equipment procurement and maintenance, importation and supply of arms, ammunition, and APCs, as well as large-scale building and construction projects. This unique combination allows us to serve government agencies, private enterprises, and security-focused organizations with precision, efficiency, and reliability.

By bridging supply chain logistics with critical infrastructure and defense solutions, we ensure timely delivery, operational continuity, and strategic execution. Whether it's safeguarding national security, enabling digital transformation, or constructing resilient infrastructure, OBIV LOGISTICS is the trusted partner for high-stakes projects that demand excellence.

Strategic solutions.
